BRIGHT of Sweden are proud to announce that our Geometry Strategy® has won the prestigious Parents' Choice Gold Award® 2016.

The winners were announced May 19th and Geometry Strategy® won a gold seal.

Designed to help parents and caregivers of all achievements and backgrounds make informed decisions about which new products are right for their children, the Parents' Choice Awards is the nation's oldest nonprofit program created to recognize quality children's media. The Parents' Choice Awards program honors the best material for children: books, toys, music and storytelling, magazines, software, videogames, television and websites. Parents' Choice Foundation's panels of educators, scientists, performing artists, librarians, parents and, yes, kids themselves, identify the very best products for children of different ages and backgrounds, and of varied skill and interest levels.

Games by BRIGHT of Sweden are proud to accept this Award and will promote the golden seal on the game with honor. *"Geometry Strategy is an imaginative, and surprisingly fun math competition. Its cleverness will make you forget any bad memories of high-school geometry class ... and help your kids realize math really is just a game you play to win"* says Don Oldenburg for the Parents' Choice Awards® program.

Our American gamers and customers can very soon find Geometry Strategy® in stores. ACD Distribution is our exclusive distributor in the US, and retailers will have it on the shelves in May. For gamers and customers outside of USA, contact BRIGHT of Sweden for more information on how to order your game at info@gamesofsweden.se

Geometry Strategy® is a strategic board game for 2 to 4 players aged over 12, where the first player who places their Sphere on the board's Bullseye is the winner. Now, how hard can that be? Well, imagine having 1,2 or 3 opponents trying to stop you and take you out of the game, and your Sphere has no defense...

Add a Red Zone where everything changes and you get this unique strategy game.

It takes approximately 15-60 minutes to play. The good looking game box includes 1 game board, 4 sets of 10 playing pieces, 4 Challenge Ranking Lists, 15 Red Zone cards and 1 Instruction sheet. Geometry Strategy® is available from February, 2016.
