**BRIGHT of Sweden are proud to announce that our Geometry Strategy® has won the prestigious Family Choice Award® 2016.**

The winners were announced April 18th and Geometry Strategy® won a gold seal.

The **Family Choice Awards®** recognizes the best products, services and resources for all members of a family. This awards program, now in its 21<sup>st</sup> year, is one of the most coveted, family friendly consumer awards program in USA.

Winners are assured extensive coverage and visibility nationwide to consumers who recognize the awards as top recommendations for their buying decisions from “the source they trust most”.

BRIGHT of Sweden are proud to accept this Award and will promote the golden seal on the game with honor. The Family Choice Awards® jury recognizes the best products, services and resources for all members of a family; Geometry Strategy® is a family game where children from 12 years can play with parents, grandparents or friends; or adults can play against each other so the game is true to the values of the Awards.

Our American gamers and customers can very soon find Geometry Strategy® in stores. ACD Distribution is our exclusive distributor in the US, and retailers will have it on the shelves in May. For gamers and customers outside of USA, contact BRIGHT of Sweden for more information on how to order your game at [info@gamesofsweden.se](mailto:info@gamesofsweden.se)

Geometry Strategy® is a strategic board game for 2 to 4 players aged over 12, where the first player who places their Sphere on the board's Bullseye is the winner. Now, how hard can that be? Well, imagine having 1,2 or 3 opponents trying to stop you and take you out of the game, and your Sphere has no defense...

Add a Red Zone where everything changes and you get this unique strategy game.

It takes approximately 15-60 minutes to play. The good looking game box includes 1 game board, 4 sets of 10 playing pieces, 4 Challenge Ranking Lists, 15 Red Zone cards and 1 Instruction sheet. Geometry Strategy® is available from February, 2016.
